ECC Fall Festival

Well the first month has passed and we are happy to have all the smiley faces back at school. As we enter into October, we have many things to look forward to including Applefest, picture day, fall festival, and we cannot forget Halloween!!

The ECC will host it’s annual Fall Festival on Tuesday October 30th from 9:00am at the ECC. This will be a regular school day with parents and home base families invited to join center based children!! The morning will consist of games, gifts and a feast!! We will have cookie walk, fish pond, face painting and a special feast!! Please come visit the center for the morning and enjoy the fun times with the children and a great lunch! Any questions, please call Nicole (ext 253) or Nicky (ext 243) at 779-5030.

All families are enrolled for home base and we are busy scheduling home visits!! We encourage families to make regular schedules with home base teachers as this creates a routine for both family and staff.

**Important dates in October:**

Tuesday, October 30th: Fall Festival 9am @ ECC. Activities, socialization and a special lunch! Please bring your child to visit the Center at this time and participate in the activities!!

Weekly Pow wows are held on Thursday's at 10:30am and Home Base families are encouraged to attend!

Family Resource Coordinators will be contacting Home Base families to set up home visits and these services are in addition to Home Base visits.

Waabooz:
We are so excited to start to know your child, this bonding from Karen, Fred and Teresa, is so important for your child and us. We are so happy to have your child, watching, exploring, and getting to know their teachers. We are going to be working on harvest (Daagwaagin),
Our two new words for this month are Milk-doodooshaaboo, and eat -wiisini,easy words but these words we will be using for our children and you will get a ring for home also for our Ojibwe words.
Our pictures are 9/9/12 and 9/10/12.
Remember we will be going out side every day weather permitting, so please bring warm clothes, our little Waabooz really enjoyed going agwajiing.
Miigwech to all our parents getting all the paperwork in and all the new items and such to help with this transition for happy children.

October is here! The Amik's have adjusted well to no cribs and drinking from a cup with no lid. Thank you all for working on that at home!! Please keep working on your child using his/her silverware.

In this month, we will be learning about apples, pumpkins and fall. The Ojibwe words that we will be using are:

Mishimin—Apple  
Okosiman—pumpkin  
Dagwaagin—Fall

We are also working on a new song:

Way up high in the Apple Tree  
Two little apples smiled at me  
I shook that tree as hard as I could  
Down came the apples  
Mmm. Were they good!

If you have any questions or concerns please feel free to contact us at 715-779-5030 ext 225  
Thanks, Jamie and Wendy

Boozhoo Makwa Families!
We have had a great start of the year. Each of the children have grown so much. We are talking, playing and learning everyday.
We have found that our time in the woods is very valuable. We are conducting most of our activities out there. We do science and circle time and lots of running. We play pretend (like lets pretend to build a fire and roast marshmallows).
This month we will continue to enjoy our time outside. We will watch the world as it changes around us. We will be talking about the weather, the changing trees and watch the birds fly south. We will continue to work on numbers and letters, with an emphasis on matching.
PLEASE REMEMBER!!!

We need lots of extra clothes, especially warm layers that are ok to get messy so we can go outside comfortably.

Ma’iingan News

What’s New...

September was a busy month, settling back into our school day routine. The children were so happy to be back at school and we were happy to welcome them back. We are also welcoming new children into our classroom. And we are enjoying getting to know our new friends.

We are currently working on building friendships and a community in our classroom. The children are learning the rules of the classroom as well as how to be a good friend. We are working on skills such as following directions, practicing good manners at the table and being kind to one another. What an amazing group of caring and thoughtful children we have in this classroom!!

A big thanks to all of our families for making the time to meet with us for home visits. It was a great way to get to know our families and learn more about your children. We are very excited to work with you all this year!

Have a happy Applefest!

What’s Happening...

This month we will begin working on a unit on apples and a unit on pumpkins. We will be focusing on the fall weather changes happening around us. The children love to experience nature first hand so we will be taking them outside as much as possible to enjoy this beautiful season, dagwaagin (Autumn).

Upcoming field trips:

October 16th—Erickson’s Orchard (Bayfield)

October 23rd—Corn Maze and Pumpkin Patch (Ashland)

October In The Migizi Room

Activities Oct. 9 & 10 are the ECC picture days, Oct. 18 field trip to the Apple Orchards, Oct. 23 field trip to the Corn Maze, Oct. 30 Fall Harvest at ECC. Oct. 31 a field trip to experience Halloween decorations at a local home.
Please feel free to participate in any of the activities going on through out the month!

In the classroom this month we are meeting and getting to know each other, what our classroom is like, and what we do each day in the room. We are working on holding our scissors the right way and cutting on a line, color and shape identification.

Ms. Diann will be starting her Talking About Touching curriculum, starting with seat belt safety, Ms. Tracy will be doing Math and Science activities, and Ms Patsy will be starting the Second Step curriculum with getting to know each other. Keep watch in their bags for letters about each curriculum and print outs of recipes or cool science projects you can do with your child.

We will be outside playing or taking walks so please have the needed clothing for your child. We want them to be able to have fun and use the outdoors as a learning experience.

Boozhoo. The school year is off to a great start! Thank you to everyone for sending extra clothes to stay at school. Remember, the weather is still hot and cold so please dress your child in layers so they can enjoy the outdoors and be comfortable.

With cold and flu season coming we are really working hard at encouraging proper hand washing. This includes using warm (not cold) water, getting the germs off our hands and out from under our nails and using a paper towel to turn off the faucet. It would benefit everyone if these techniques were followed through with at home. Fewer sick days for the kids mean happier kids and less missed days at work for mom and dad.

We will be going to Erickson’s orchard as well as the corn maze on Hwy. 2 this month. We would love to have parents come with us so watch for the flyer and give us a call.

It is a great time of year to spend some time outside and enjoy the people around you. Collect some leaves and make a picture or take a walk to re-energize or unwind. Whatever it is you do, remember, it is the time you spend with each other that matters. Have some fun and make some memories.

Enjoy the fall colors!

ECC Parking Lot

Parents: Please do not park along side the Early Head Start Playground or the Administration trailer. Parents who are dropping off or picking up are asked to park in the mid-sections of the parking lot designated for drop-off and pick up.

Staff and visitors: Please park among the furthest parking spaces to allow for parents and those picking up/dropping off children to have the safest walking path available.

The Head Start bus will now be picking up and dropping off the children at the rear entrance of the ECC. This will help eliminate traffic at the main entrance and provide a safer transition for the children.
GED/HSED Classes Notice

GED/HSED Classes will be starting up very soon at the Early Childhood Center!

**For your Information: the GED/HSED test will be changing January 2014. The format, difficulty and time limits will change. We strongly encourage people who are interested in getting their GED/HSED to complete the test before this change.

Notices will be posted regarding day and time when classes plan to start so watch for flyers. If you have already contacted Nicole and are on a list to receive direct notice you will be contacted.

If you have any questions or like more information, please call Nicole Boyd (ext. 253) @ 715-779-5030

FROG BAY TRIBAL NATIONAL PARK

LOGO CONTEST

We are looking for local artists or photographers to help us create the Frog Bay Tribal National Park logo.

We think a photograph or artwork of a native frog like this one could be a good logo for Frog Bay:

You can use the frog above as inspiration to create your own design, or go in a completely different direction on what Frog Bay means to you.

GRAND PRIZE for the winning logo design will be $100 gift certificate. Plus your art will symbolize Frog Bay for years to come!

DEADLINE for submissions is December 1st. Please bring your submissions to the Red Cliff Fish Hatchery or email.

CONTACTS for the contest are Bryan Bainbridge or Chad Abel. They can be reached at 779-3750. Email them at chad.abel@redcliff-nsn.gov or bryan.bainbridge@redcliff-nsn.gov.

Specialized Services

Senior Citizen Riders are important to Miskwaabekong Transit. If you need assistance understanding the bus service, call 682-9664. Some people are nervous about using buses. Call and ask for our bus training assistant for help until you understand how to ride.

Handicap Assistance - The Miskwaabekong Transit and all BART buses are equipped with a wheelchair lift. Riders needing special help are encouraged to call 682-9664 within 24 hours of your trip so we may assist with your special needs. (an eligibility card is required for additional ADA assistance. Call 682-9664 to receive an application).

Youth Riders - Ages 6 through 17 may ride unattended and must pay the appropriate fare found on the cash fare table. Children below 6 years of age must be accompanied by an adult and ride free.

While you are riding you must be courteous to others using the bus. The bus driver is responsible for a safe and pleasant trip for everyone. Absolutely no foul language will be tolerated. Follow the drivers instructions.

Cash Fare Table - Exact cash must be placed in the fare box upon boarding the bus. The driver does not give change, but may require a passenger to show the fare before entering it into the fare box.

Wisconsin Home Energy Assistance Program (WHEAP)

The Wisconsin Home Energy Assistance Program (WHEAP) provides assistance for heating costs, electric costs, and energy crisis situations. Operating with federal and state funding, the program provides assistance to approximately 225,000 Wisconsin households annually.

Most types of fuel are eligible to receive assistance. Whether you use wood, propane, natural gas, electricity, or fuel oil to heat your home, energy assistance is available if you qualify.

Heating Assistance

WHEAP assistance is a one-time payment during the heating season (October 1-May 15). The funding pays a portion of the heating costs, but the payment is not intended to cover the entire cost of heating a residence. The amount of the energy assistance benefit varies depending on a variety of factors, including the household's size, income, and energy costs. In most cases the energy assistance benefit is paid directly to the household energy supplier.

Electric Assistance

Your household may be eligible to receive a payment for non-heating electric energy costs through funding provided by Wisconsin's Public Benefits.

WHEAP electric (non-heating) assistance is a one-time benefit payment during the heating season (October 1-May 15). The funding pays a portion of the household's electrical (non-heating) costs, but the payment is not intended to cover the entire cost of the non-heating costs.

The amount of the non-heating assistance benefit varies depending on a variety of factors, including the household's size, income, and non-heating costs. In most cases the non-heating assistance benefit is paid directly to the household energy supplier.

Crisis Assistance

A household may be eligible for crisis assistance if you have no heat, have received a disconnect notice from the heating vendor, or are nearly out of fuel and do not have the money to purchase more. Crisis assistance is available through local WHEAP agencies that provide a 24-hour crisis phone number to help with emergencies that occur after business hours. WHEAP crisis assistance provides both emergency and proactive services.

There are also non-emergency or proactive crisis services that include providing information on how to reduce fuel costs, counseling on budgeting and money management, providing payments to a fuel supplier, and co-pay agreements.

Furnace Assistance
WHEAP emergency heating system assistance can provide services to eligible home owners if the furnace or boiler stops operating during the heating season. Heating system assistance includes payment for repairs, or in some situations your residence may qualify for a total replacement of a non-operating furnace or boiler. Call the local energy assistance office immediately if you are experiencing a no heat situation.

How to Apply

Your household may be eligible for Wisconsin Home Energy Assistance Program (WHEAP) services based on a number of factors. However, if the gross income for your household is less than the amount shown on the following chart, you might be eligible to receive assistance. Households must complete a Home Energy Plus application through the local WHEAP agency.

For more information on the Wisconsin Home Energy Assistance Program (WHEAP) and how to apply, please call 1-866-HEATWIS (432-8947), or visit the "Where to Apply" tab on www.homeenergyplus.wi.gov to find your local energy assistance agency.

Top tips to keep your kids safe on Halloween

For parents and children:
- Children under 12 should trick-or-treat and cross streets with an adult.
- Always walk on sidewalks or paths. If there are no sidewalks, walk facing traffic as far to the left as possible.
- Cross the street at corners, using traffic signals and crosswalks. Parents should remind children to watch for cars that are turning or backing up.
- Look left, right and left again when crossing and keep looking as you cross. Walk, don't run, across the street.

For drivers:
- Slow down and be especially alert in residential neighborhoods. Children are excited on Halloween and may move in unpredictable ways.
- Anticipate heavy pedestrian traffic and turn your headlights on earlier in the day so you can spot children from greater distances.
- Remember that costumes can limit children's visibility and they may not be able to see your vehicle.
- Reduce any distractions inside your car so you can concentrate on the road and your surroundings.

Costumes and Treats
- Decorate costumes and bags with reflective tape or stickers and choose light colored costumes to improve visibility.
- Choose face paint and make-up instead of masks, which can obstruct a child's vision. Look for non-toxic designations when choosing Halloween makeup.
- Avoid carrying sticks, swords, or other sharp objects.
- Have kids carry glow sticks or flashlights in order to see better, as well as to be seen by drivers.
- Liquid in glow sticks is hazardous, so parents should remind children not to chew on or break them.
- Check treats for signs of tampering before children are allowed to eat them. Candy should be thrown away if the wrapper is faded or torn, or if the candy is unwrapped.

*Have a happy and safe 2012 Halloween*

HALLOWEEN PUMPKIN CHIP COOKIES

1 cup pumpkin
1 egg
1/2 cup any kind vegetable oil
1 cup sugar
2 tsp. baking powder
2 cups all purpose flour
1 tsp. cinnamon
1/2 tsp. salt
1 tsp. baking soda
1 tsp. milk
1 tsp. vanilla
1 cup white chocolate or butterscotch chips
1/2 cup walnuts or pecans, chopped
Preheat oven to 370°F.

Note: If using butterscotch chips, try using butter rum extract or butterscotch schnapps instead of the vanilla for extra flavor.

Blend pumpkin, egg, oil and sugar. Whisk together flour, baking powder, cinnamon and salt; gradually add to first mixture. Dissolve the baking soda in milk and add to batter. Stir in chocolate (or butterscotch) chips, nuts and vanilla.

Drop by the teaspoonful onto lightly greased baking sheets.

Bake at 370° F degrees for 10 to 12 minutes. Recipe can be doubled.

Bake and freeze the extra cookies.

HALLOWEEN CRUNCH SNACK

8 cups unsalted popcorn
3 cups pretzel sticks
1 (6 oz) pkg Pepperidge Farm Goldfish
4 cups plain Cheerios
1/2 cup butter
1/2 tsp. onion salt
1/4 tsp. garlic powder
1/4 cup Parmesan cheese

In a large bowl (about 4 quarts) Combine popcorn, pretzels, goldfish and Cheerios.

In a microwave, heat butter on high until melted. Drizzle over mixture in bowl while stirring to coat evenly. Sprinkle (lightly) with onion salt, garlic powder and cheese. Toss to coat.

Spread evenly on a buttered cookie sheet in a single layer.

Bake in a preheated 300°F oven for about 20 minutes, or until very lightly toasted, stirring several times. Store in an airtight container.

For Halloween, make up a "Ghost" by placing some of the mixture into the center of a white napkin, then bring up the 4 corners to meet. Tie a string or a piece of yarn or raffia around the center, forming a head and allowing the rest of the paper to hang freely for the body. Stick on two black circles or dab some black food coloring for eyes, if desired.
Halloween Games/Activities

Pumpkin Bowling

Collect empty 2-liter soda bottles before the party. You'll need at least five and no more than 12. Spray paint the bottles white and paint on black eyes to create ghosts or spray paint them green and paint on faces to make Frankenstein's or goblins.

Set up the bottles as you would bowling pins, and have the kids take turns knocking them down with a mini pumpkin as their bowling ball.

You can either keep track of the total score after several rounds or simply give the kids a small prize every time they get a strike. Toddlers will be thrilled just to knock over one or two, so give them a prize at the end of the game whether they got a strike or not.

Mummy Wrap

Divide the kids into teams of three or four. Give each team a roll of toilet paper or one roll per person, and then tell them to choose one team member to be the mummy. The kids must wrap the mummy in toilet paper as quickly as they can, and the first team to get to the end of their roll(s) wins.

Bride of Frankenstein

This game is similar to Mummy Wrap, but instead of making mummies, the kids are going to use the toilet paper to make a wedding dress on the designated team member. Give them 10 minutes to create their "dress," then have the brides of Frankenstein model their gowns, perhaps giving prizes to the team with the best creation.

In addition to toilet paper, you could give the teams tissue paper, masking tape and other supplies to create the dresses.

Word Challenge

For older kids, hand out a piece of lined paper with a Halloween-related word or phrase at the top, such as "Happy Halloween" or "Haunted House." Give the kids five minutes to come up with as many new words from the original letters as possible, like "wall" or "peel" from "Happy Halloween" or "dent" and "she" from "Haunted House." Give the child with the most (legitimate) words a prize at the end.

Bob for Apples
This classic autumn game is perfect for Halloween parties.

Fill a basin with water and apples. Have each child take a turn putting their hands behind their backs, and then retrieving apples from the water with just their mouths. The kid who pulls out the most apples wins. (Hint: keep some towels on hand and do this in a part of your house you don’t mind getting wet.)

**Doughnut on a String**

Another Halloween game that has withstood the test of time involves hanging doughnuts from strings and having the kids race to see who can eat their entire doughnut--again with their hands behind their backs--first.

Be careful about how you hang the doughnuts. It’s best to wrap the string around something, like a tree branch, and tie it off instead of trying to stick the string into a ceiling with a tack, which could pop out and hurt someone.

**Freeze Dance**

Freeze dancing is a simple game that kids of all ages love. Play a Halloween-related song, like "Monster Mash" or Michael Jackson's "Thriller." Tell the kids to dance like crazy and then freeze when the music stops (i.e., when you hit pause on the player).

You could make this a competition, booting out anyone who wiggles or falls after you stop the music and then awarding a prize to the last dancer standing. Or, you could just let everyone play over and over again.

**Pin the Nose on the Jack o'Lantern**

Cut out a large pumpkin shape from orange paper and add a stem, eyes and a mouth but no nose. Tape the pumpkin to a wall, then give each child a triangular nose with tape on it that they have stick to the pumpkin while blindfolded. The kid who gets closest to where the nose should be, wins.
**Paper Plate Spider Web**

This paper plate spider web is just the thing when you have a pompom spider which needs a spooky perch! Younger kids in particular will enjoy the lacing activity.

**You will need:**

- A paper plate
- Black paint
- String or wool
- Hole punch

- 2 black pipe cleaners (chenille stems)
- A black pompom
- A pair of wiggle eyes
- Glue

**Instructions:**

Paint the back of the plate black and leave to dry, then cut out the middle of the plate. Punch holes evenly all around the edge.

Cut a length of wool. Tie to one of the holes and then weave through others to make a pattern. When you are close to the end, tie to a hole and cut of the excess. Tie on a new piece of wool and repeat until you are happy with your web. It is easier to use several smaller pieces of wool so the ends will not fray.

**Pompom Spider**

**Instructions:**

Cut the two pipe cleaners in half. Lay the four halves of pipe cleaner side by side, and then twist them together in the middle.

Glue the pompom to the middle of the pipe cleaners.

Stick the eyes to the pompom. When you are sure the glue is dry, bend the pipe cleaners so your spider’s legs are spread out. Now put him on display!

TEACHERS

Give students a lesson for life

Teachers at all grade levels and in all subjects can prevent foodborne illness by doing what they do best: educating students. The Food-Safe Schools Action Guide urges teachers to follow these simple but critical recommendations. Details, tips, and resources to help implement each recommendation are outlined in the Action Guide's in-depth modules at www.FoodSafeSchools.org.

1. Encourage handwashing, particularly after students use the restroom and before eating.
2. Monitor student behavior in the cafeteria to ensure that food safety practices are used, and reward good behavior with praise.
3. Allow time for handwashing before and after lunch.
4. Model proper food preparation and handling skills if preparing or serving foods in the classroom—use the opportunity as a teachable moment for food safety.
5. Participate in food safety training.
6. Encourage family involvement in food safety education.
7. Integrate food safety into existing curricula.

TEACHERS ARE ESSENTIAL TO FOOD-SAFE SCHOOLS

They can:

☆ Contribute to a real change in students’ attitudes about and awareness of the need for food safety and good hygiene practices by equipping them with food safety knowledge and skills.

☆ Help reduce the number of students who become sick from foodborne illness by educating them about safe food handling habits.

☆ Weave food safety into the curriculum, teaching it from historical, economic, cultural, social, scientific, and technological perspectives.

Bloodborne Pathogens are microorganisms such as viruses or bacteria that are carried in blood and can cause disease in people.

Types of bloodborne pathogens include:
- Malaria
- Syphilis
- Brucellosis
- Hepatitis B (HBV)
- Human Immunodeficiency Virus

Transmission of Bloodborne Pathogens

Anytime there is blood-to-blood contact with infected blood or body fluids, there is a potential for transmission. Unbroken skin forms a generally good barrier against bloodborne pathogens. However, infected blood can enter your system through open sores, cuts, abrasions, acne, burns, open blisters.

Administrative controls
- Universal precautions
- PE selection
- Employee training
- Use of Blood Spill Kits
- Restricted access to waste collection points
- Waste disposal procedures.

Engineering Controls
- Proper storage facilities and containers
- Special syringes to prevent needle sticks
- Autoclaves & disinfectant equipment

Smart Safety Rules
- Wash exposed areas with antibacterial soap
- Use the required personal protective equipment
- Treat all human body fluids & items soiled with human body fluids as contaminated
- No smoking, eating, drinking or storage of food
- Maintain facilities in a near sanitary condition at all times
- Disinfect all Health Treatment Area at least once per shift
- Pre-soak all contaminated clothing
- Disinfect all spills of body fluid
- Report any suspected exposure to HIV/HAV/HBV to your supervisor
- Place all medical wastes in a red leak-proof container marked either Biohazard or Medical Waste.
- Use personal protective equipment when handling medical waste
- Sharp objects should not be handled by hand to prevent accidental punctures and lacerations
